

A Prayer for When a Beloved Pet Dies **by Naomi Levy**

You were my good friend. We never had a single conversation, but we understood each other. I still keep thinking you'll be there waiting for me when I open the door. The house is empty without you. I miss you more than others could ever understand.

I thank you for being my companion in times of joy, and my comfort in times of pain. I was fortunate to have you in my life and I know your life with me was a happy one.

I will remember you with joy and a smile. May God bless you. Amen.
